DIVINE MERCY

MEDITATION

St Faustina was once taken to purgatory by her Guardian Angel and saw the suffering souls praying fervently, but to no avail for themselves. "Only we can come to their aid... I asked the souls what their greatest suffering was. They answered me in one voice that their greatest torment was longing for God". The Angels console the suffering souls and inspire people on earth to have Masses and prayers said for them, and let the souls know who is praying for them on earth. The souls are visited by Our Lady, they call her "The Star of The Sea" and she brings them refreshment.
