**Pope Francis**

Patience takes root when I recognize that other people also have a right to live in this world, just as they are. It does not matter if they hold me back, if they unsettle my plans, or annoy me by the way they act or think, or if they are not everything I want them to be. Love always has an aspect of deep compassion that leads to accepting the other person as part of this world, even when he or she acts differently than I would like.
